

Extracts from our latest Huddersfield Branch Newsletter - October 2008

Dear Friends

What a lovely day it is today, let's hope the weather lasts! Since September's letter we have mourned the loss of Freda Taylor - a lovely friendly lady. We want her husband, Trevor, who has P.D. To know that our deep sympathy and support goes to him and his family; we shall miss Freda greatly.

We enjoyed Yoga from the chair session with Susan Cossey last month - perhaps some of you would like to attend her weekly sessions at the Nerve Centre, Standard House, on Wednesday mornings at a very reasonable price. For more information ring the Nerve Centre on 469953.

Last week we also welcomed our new Branch Secretary, Bob Wainwright, to our meeting. We are very grateful to Bob for taking over this task and we will support him in every way we can.

We shall be having the usual Christmas Lunch at the Technical College (now known as Kirklees College) on Thursday 18th December and our Christmas Party at the Barton Unit on Saturday December 6th. If interested, please contact Norma Tindall, telephone no. 315027.

Our next meeting is on Thursday 16th October at 4.00.p.m. Until 5.30.p.m. at the Barton Centre, St. Luke's, when Mr. Robert Taylor will be giving a talk on being a "Collector of unusual Items". His previous talks have been very interesting and entertaining. Remember to book a taxi if you cannot get to the meeting under your own steam - but get a receipt for both journeys and Norma will reimburse you the cost of the taxi fare.

If you are on the internet look up our branch website which is <http://www.pdshuddersfield.co.uk>

If you would like to get involved in writing things for the website get in touch with Bob Wainwright on 307517.

Hope to see you next Thursday, the 16th.

Best wishes from Bob, Norma, Jennifer and the committee.
